Summary

A visionary and results-oriented executive offering over 20 years of profound expertise in event management, marketing, and technology. As a third-generation event professional, I bring a deep-rooted passion for crafting transformative experiences and a demonstrated ability to build and scale thriving businesses. My career is marked by a continuous drive for innovation, a dedication to surpassing client expectations, and an innate talent for leading and motivating high-performing teams. I am adept at utilizing cutting-edge technologies, including AI, cloud computing, and data analytics, to foster strategic growth and enhance operational efficiency. I am seeking a challenging and impactful leadership opportunity where my diverse skills can contribute to achieving exceptional results.

Brand Persona: The Digital Alchemist - Transforming brands into experiences, and experiences into lasting impressions.

Target Roles: Chief Marketing Officer (CMO), Chief Event Officer, VP of Marketing, VP of Events, Head of Marketing, Head of Events, Senior Director, Strategic Leadership Roles in Event & Technology Companies

Core Competencies

A synergistic blend of strategic thinking, creativity, and technological proficiency.

Executive Leadership & Strategic Vision:
● Strategic Planning & Execution: Proven success in developing and implementing long-term business strategies, conducting market analysis, identifying competitive

advantages, setting strategic objectives, and creating actionable plans. Managed projects with an aggregate value exceeding R273 million.
● Change Management & Adaptability: Skilled in leading organizations through transformative periods, including market shifts (e.g., pivoting to decontamination services during COVID-19), technological disruptions (AI integration, virtual events), and crises, while maintaining business continuity and team morale.

● Business Development & Market Expansion: Expertise in identifying and capitalizing on new market opportunities (e.g., East African expansion), establishing strategic partnerships, and expanding service offerings into new geographies and verticals.
● Financial Acumen & Budget Management: Experienced in overseeing multi-million Rand budgets, including projects over ZAR 263 million. Demonstrated ability to manage financial performance, ensure accountability for resource allocation and expenditure, and improve profit margins by up to 31% through strategic financial and project implementation.
● Stakeholder Engagement & Communication: Proven ability to build trust and credibility with key influencers through effective messaging, communication, and long-term rapport for over 20 years. Driving innovation and developing new services in areas such as AI, sustainability, and cloud and event technologies.
Full-Spectrum Event Management (25+ Years of Mastery):
● Strategic Event Planning & Execution: Expert implementation of events ranging from Presidential functions and press conferences to product launches, business galas, and large-scale community engagement performances.
● Large-Scale Conference & Gala Management: Successfully managed events with over 50,000 attendees, maintaining high quality standards (e.g., African Cities summit, infrastructure project with 4,000 VVIP ministers). Proficient in providing high-touch VVIP services with strict adherence to protocol, compliance, and high-security operations, including medical support, safety checks, and security parameters.
● Technical Skills: Expertise in lighting design and integration.
● Virtual & Hybrid Events: A pioneer in the transition to diverse digital event platforms during global restrictions. Innovative design and implementation of unique virtual A/V technology, including remote-controlled auto LEDs and high-speed communication solutions for clients during and beyond the COVID-19 pandemic.
● International Event Management Skills:
○ Expert communication and relationship-building skills with key overseas clients and stakeholders.
○ Successful leadership of events and achievement of marketing objectives in Botswana, East Africa, and through virtual and domestic hybrid applications for global audiences.

● Comprehensive Expertise: Technical Production & Design, Venue Sourcing & Negotiation, Logistics & Operations Management, Compliance & Risk Management, Sponsorship Acquisition & Activation, Post-Event ROI Analysis.

Executive Marketing & Brand Building:
● Implemented targeted CRM solutions, achieving up to a 35% improvement in lead generation across international and local markets.
● Improved SEO rankings and long-term client attention through cross-media campaign optimization.

● Led data insight teams, resulting in enhanced digital campaigns and high-performance team development.
● Strategically implemented SEO and SEM techniques.
● Developed engaging branding content for various social media platforms, utilizing new and

emerging marketing trends.
● Developed and executed marketing strategies that enhanced engagement and maximized ROI across traditional media.
● Executed strategic and targeted PR campaigns with innovative cross-partnerships to improve client engagement and strengthen brand identity.
● Managed Public Relations activities including press releases, media relations, and crisis communication.
● Increased social footprint and brand value through thought leadership content for blogs and publications.
● Developed and managed brands through brand identity, storytelling, positioning, and strategic value alignment.
● Mastered customer experience through high-volume customer service strategies utilizing customized CRM and software.
● Leveraged data and AI engagement to tailor customer profiles, boosting traffic, optimizing consumer loyalty, and fostering long-term relationships.
Summary of Skills and Experience

Technical Expertise:
● Proficient in 3-D visualization and graphic design using CorelDraw and Adobe Suite (Illustrator, InDesign, Photoshop).
● Experienced in data-driven performance analytics with Power BI and Tableau to enhance revenue, client engagement, and market insights.
Client Relations and Project Management:
● Established and maintained long-term client relationships for 15 years through consistent high-quality work.
● Successfully managed diverse projects, including the Africity 2060 international summit (50,000+ attendees, 4,000 ministers/diplomats from 46 countries), high-profile corporate events for Sasol, the Harley Davidson Festival, One harmony Barclay's event, Toyota and Springbok launch presser for SASOL, FNB StartLight Classics Production, ABS Car of the Year, and Nedbank PS1 Kick Off.
● Demonstrated adaptability and swift virtual transition for numerous government, private sector, and social clients from 2020 onwards.
Key Clients:

Sasol, Nedbank, ABSA, Liberty Life, Transnet Engineering, Africity, Amgen Biopharmaceuticals, Northern Cape Mining, Hollard, Toyota, Chubb, Marsh, Assmang Manganese, Transnet, e-toll, Bayer, Swiss Re, Ganasys, and over 250 long-term partners.
