🚀 Executive Summary

A highly accomplished and results-driven leader with **25+ years of dynamic experience** at the intersection of strategic marketing, innovative event management, impactful sales, cutting-edge technical development, and sustainable business growth. A third-generation event professional, I bring an innate understanding of creating unforgettable experiences, seamlessly blended with sharp business acumen and advanced technological proficiency.

Currently CMO & Events Manager at Maono Moja Events and Head of Marketing & Events at 360 Vision Events Group, I have a proven track record of transforming challenges into opportunities. I've successfully managed cumulative event budgets exceeding **ZAR 423 million** across **2,246+ events**, ranging from intimate VIP gatherings to massive international conferences (e.g., Africity 2060 with 50,000+ attendees).

Technologically adept, I develop custom software solutions, marketing bots, and AI models (e.g., `oh-dcft-v3.1-claude-3-5-an3s-20241022`), holding certifications in AWS, Azure, and Google Cloud. This technical edge has enhanced development speed by 40%, reduced costs by 50%, and improved quality by 30%.

A passionate advocate for sustainability and mentorship, I am an Honorary Alumnus of TUT, actively contributing to curriculum development, sponsoring student projects (over ZAR 4 Million in equipment

donated), and developing "As an Events GURU," an AI-powered global mentorship platform.

My personal motto, "The Show Must Go On," reflects my calm, decisive approach under pressure. I am seeking senior executive leadership roles where I can leverage my comprehensive skillset and forward-thinking vision to drive transformative growth and create lasting impact.
